EXPERIENCE

PERSONAL PROJECTS:

Portfolio Website
Designed and built a responsive portfolio website showcasing my projects, skills, and experience using Angular. Incorporated animations and interactive elements to enhance user engagement. Completed in February 2024
- Live Demo: https://darylandres.com
- GitHub Repo: https://github.com/rylCodes/Daryl-Andres

QRLink
Built using a JavaScript library for QR code customization and a third-party API for URL shortening, enabling efficient generation and customization of QR codes. I developed this tool specifically for customized QR codes on DTI-Rizal's training posters. Completed in January 2024.
